EMPLOYEE SPOTLIGHT

Charlotte Ping

One of Charlotte's favorite aspects of her role as our Marketing & Communications Manager is helping people understand the full value of choosing the credit union for their financial needs. She's passionate about making sure members are aware of all the benefits available to them and enjoys bringing creativity into her design work. You'll often find her representing the CU at community events, where she loves connecting with members face-to-face and strengthening those relationships beyond the branch. Outside of work, she enjoys reading, spending quality time with her children, and staying active. While she doesn't consider herself a runner, completing a 5K is on her bucket list as a personal challenge she's determined to take on one day.

National CU Youth Month

National Credit Union Youth Month is a nationwide initiative led by Credit Union National Association (CUNA) each April to promote financial literacy and positive money habits among young members.

Every April we focus on building strong foundations early and helping young people understand the value of money in a practical, approachable way.

National Credit Union Youth Month reflects the cooperative philosophy of "people helping people." The goal is simple but impactful: empower the next generation with the knowledge and confidence to make informed financial decisions that last a lifetime.

Be on the look out for more information on how we will be celebrating National CU Youth Month.

MEMBER TESTIMONIAL

"Highly recommend! I have had many different types of loans with them over the years! They are so easy to work with, efficient, and get you the best rates around! I have personally worked with Pam and Doug and they are great! If you need a loan, or somewhere to bank, this is the place to be!"
